

SUMMARY

Eager to play a vital role in an organization that champions innovation and turns challenges into attainable solutions, I aim to utilize my skills in Information Technology to improve operational efficiencies and drive organizational success. I am an accomplished IT professional with experience focusing on Contract Lifecycle Management (CLM). My expertise includes systems analysis, design, development, implementation, migration, testing, and troubleshooting. I have a proven ability to document processes and engage with clients to effectively address their needs.

RAJEEV GANDHI MEMORIAL COLLEGE OF ENGINEERING & TECHNOLOGY

B.Tech(Electronics Communication Engineering)
2018 – 2022

INTERMEDIATE (MPC)

Narayana Junior College
2016 – 2018

SSC

Good Shepherd English Medium School
2016

SKILLS

- DocuSign
- CLM
- eSignature
- Microsoft Excel
- Salesforce
- Javascript
- MySQL
- AWS
- Java
- HTML
- CSS
- Git

LANGUAGES

- English
- Telugu
- Hindi

CERTIFICATIONS

- GCP Associate certification
- AWS Certified Cloud Practitioner (CCP)
(09/2023 - 02/2026)
- Azure Az-900 fundamental

PROFESSIONAL EXPERIENCE

Consultant (Developer L2)

Deloitte | 03/2025 - Present

- Leveraged technical expertise in Document Generation, focusing on configuration, forms, and form library management.
- Configured and debugged workflows to enhance operational efficiency.
- Developed and maintained electronic forms (eForms) and attributes to streamline data collection.
- Managed the Document Repository, overseeing user management including users, groups, task groups, and delegation permissions.
- Created and organized folders and sub-folders, implementing security settings to protect sensitive information.
- Configured Document and Folder Settings, as well as Inbound Email Address settings for optimal functionality.
- Administered DocuSign accounts, including user and group creation, access management, and permissions.

Project Engineer (Developer L1)

Wipro | 03/2023 - 02/2025

- Configured CLM account settings, navigation, actions, and security protocols to ensure compliance and efficiency.
- Gained experience in deployment processes and end-to-end testing for system reliability.
- Managed DocuSign eSignature, including organization creation and ongoing account maintenance.
- Developed dynamic templates using merge tags for customized document generation.
- Oversaw user profile management from both eSignature and CLM Admin platforms.
- Created and managed CLM reports and dashboards for data analysis and reporting.
- Managed permission profiles in eSignature to ensure appropriate access levels.

Software Engineer (Analyst)

Cognizant | 01/2022-08/2022

- Worked on Contract Lifecycle Management (CLM) projects, preparing design documentation.
- Documented all system integration requirements based on client needs.
- Configured contract management technologies according to TMC specifications.
- Developed flowcharts and diagrams to outline operational processes.
- Oversaw document development across project workstreams, ensuring compliance with regulatory standards.
- Provided input on complex documents to support client-ready final version.
